Coordinated with Backup Team for Tape Backup restoration as requested by AOF Team

Created User on aofsftp2.kotakeonline.com and aofsftp1.kotakeonline.com as requested DAO Team

Enable cronjob for Millennium CP and MandG CP for daily file upload as requested by BO Repo Team

Installed VMware tool on all production sever

Installed commvault Agent on 10.6.102.155 server

Provided all boss logs from all Boss Server requested Boss Team

Provided all channels partner Dp holding file as required BO Repo Team

Provided Arcesium transaction and DP file for requested date by BO Repo Team

Provided BlackRock file from crps.kotakseonline.com as requested Ho Ops Team

Provided Boss server log from bossrs2.kotakseonline.com as requested Boss Team

Provided Citi file from crps.kotakseonline.com as requested Ho Ops Team

Provided client file form parallelweb1.kotakseonline.com as requested Smts Team

Provided CP feeds file upload requested by Bo repo Team

Provided Edc server logs from 10.6.102.150 as requested Edc Team

Provided JPMorgan file from crps.kotakseonline.com as requested Ho Ops Team

Provided jsp file from parallelweb1.kotakseonline.com as requested Smts Team

Provided ksipo logs form ksipo.kotakseonline.com as requested CRPS Team

Provided Morgan Stanley file from crps.kotakseonline.com as requested BO Repo Team

Provided Nfs Mount points details to Backup Team

Provided Patching status of Linux server as requested by Patch Management Team

Provided screenza server access to Screenza Team

Raise SR for Tape dump restoration for Providing digital of application as requested DAO Team

Raise SR for Tape dump restoration for Providing digitalof application as requested DAO Team

Reinstalled Kaspersky agent on production, uat, dev server as requested Kaspersky Team

Re-run SFTP file upload script manually as requested by BO Repo Team

Restarted 10.6.123.229 server as requested screenza Team

Restarted all boss application service as requested Boss Team

Restarted glassfish instance on hrms1.kotakseonline.com as requested HRMS Team

Restarted glassfish instance on hrms2.kotakseonline.com as requested HRMS Team

Restarted glassfish instance on smts.kotakseonline.com as requested SMTS Team

Restarted glassfish service on 10.6.102.59 server as requested by SMTS Team

Restarted glassfish service on 10.6.102.65 server as requested by SMTS Team

Restarted gst instance on suntechgst.kotakseonline.com server as requested GST Team

Restarted Kaspersky agent on production, uat, dev server as requested Kaspersky Team

Restarted kc3 instance on ksipo.kotakseonline.com server as requested kc3 Team

Restarted KSIPO application instance all server as requested CRPS Team

Restarted ksipo instance from ksipo.kotakseonline.com as requested ksipo Team

Restarted ksipo instance on ksipo.kotakseonline.com as requested by CRPS Team

Restarted Smts instance on parallelweb1.kotakseonline.com as requested Smts Team

Restarted tomcat instance from 10.6.102.198 as requested Wealth Spectrum Team

Restarted tomcat services on 10.6.123.143 server as requested by Wealth Spectrum Team

Worked on DR DNS server list

Worked on 10.6.102.155 server purging old application data of Spark and NG Application

Patches & Upgradation KSEC:

Dev:

Installed latest Red hat Linux release 9.8 patches on devweb11.kotakseconline.com
